Cremation Options

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

The two options below do not include an urn, only a temporary container for the cremated remains is provided.

DIRECT CREMATION (NO SERVICE)

Our charge for a direct cremation (without ceremony) includes: removal of remains, local transportation to crematory, a proportionate share of overhead costs, necessary services of staff and authorizations, and temporary shelterization of the deceased (a 48 hour waiting period from the time of death until the cremation process may begin is State Law in Wisconsin). This charge does not include viewing, funeral ceremony, cemetery charges, or any coroner's fees. If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are made of heavy cardboard.
